SUMMARY

A highly motivated and detail-oriented BCA student with a strong foundation in computer science, programming skill. As a BCA student, I believe learning never stops—inside or outside the classroom. I bring to the table not just technical skills in programming and databases, but also a disciplined mindset, a hunger to grow, and a team-first attitude.

EDUCATION

Bachelor of Computer Applications

The American College, Madurai Jul 2022 - May 2025

- CGPA-8.5%

Ranked in the top 5 % of the class

HSC

SPM Oxford Matrix Hr. Sec School Jun 2021 - May 2022

Secured 83.6%

SSLC

SPM Oxford Matrix Hr. Sec School Jun 2019 - May 2020

Secured 82%

PROJECT

Academy Project - The American College

2024 - 2025

Speech Recognition to Generate Image

This project presents an AI-powered system that generates images from voice commands using speech recognition, Natural Language Processing(NLP), and Generative Adversarial Networks (GANs). Users can speak directly into the interface, and the system processes the speech, converts it into text, and then creates corresponding images in real-time. By bridging natural language and visual content, the tool offers an intuitive and creative platform for developers, designers, and AI enthusiasts.

ACADEMY

Academy Activities - The American College

2022 - 2025

- I'm most active in extracurricular activities and I have successfully completed online courses in content management, raster graphics editing, data visualization with Tableau, graphic design with CorelDRAW, and audio/video editing.
- Worked as a part-time Lab Assistant during the academic period, assisting students with practical sessions and maintaining lab equipment.

INTERNSHIP

Cognifyz - Java Intern

2025

- During my internship, I worked on Java-based application development and problem-solving tasks, where I developed and tested core Java programs in accordance with industry standards. I gained hands-on experience in writing clean, efficient, and reusable code while assisting in the design and implementation of software solutions. This experience significantly strengthened my understanding of object-oriented programming concepts and improved my overall programming and analytical skills.

CERTIFICATIONS

- Apex | Sys - Java Full Stack
- Novi Tech - UI/UX
- The American College - AWS Cloud
- MongoDB

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.

SKILLS

Professional Skills

- Good Communication
- Teamwork Collaboration
- Multitasking
- Data Mining

Technical Skills

- HTML, CSS, JavaScript, React JS, Bootstrap
- Spring Tool, JSP , Java Swing
- MongoDB, MySQL
- Java
- UI/UX
- Microsoft Office
