SUMMARY

A highly motivated and detail-oriented BCA student with a strong foundation in computer science and programming. I bring to the table not just technical skills in programming and databases, but also a disciplined mindset, a hunger to grow, and a team-first attitude.

EDUCATION

Bachelor of Computer Applications

The American College, Madurai Jul 2022 - May 2025

- CGPA - 8.5

HSC

SPM Oxford Matrix Hr. Sec School Jun 2021 - May 2022

Secured 83.6%

SSLC

SPM Oxford Matrix Hr. Sec School Jun 2019 - May 2020

Secured 82%

SKILLS

Technical Skills

- HTML, CSS, JavaScript, Bootstrap
- Spring Boot, JSP, Java Swing
- Java
- MySQL
- Git & GitHub
- Microsoft Excel
- UI/UX Basics

Professional Skills

- Good Communication
- Team Collaboration
- Multitasking
- Analytical Thinking

PROJECTS

Speech Recognition to Generate Image

Developed a system that converts voice input into images using speech recognition and NLP. Enabled real-time processing to enhance interactive user experience. Technologies Used: Python, Speech Recognition, NLP

Food Ordering Application – Web

Designed a responsive food ordering platform using HTML, CSS, JavaScript, and Bootstrap with restaurant browsing, menu viewing, and seamless navigation.

Sweet Shop Billing System – Java Swing

Created a desktop billing application for a sweet shop with product selection, quantity input, automatic price calculation, and bill generation. Technologies Used: Java Swing, Java

E-com system – Spring Boot

Engineered a full-stack e-commerce application using Spring Boot featuring product management, user authentication, cart functionality, and secure RESTful APIs integrated with MySQL.

ACADEMY

2022 - 2025

Academy Activities - The American College

- Actively participated in extracurricular activities and completed online courses in content management, raster graphics editing, data visualization with Tableau, graphic design with CorelDRAW, and audio/video editing.

ACHIEVEMENT

- TCS - NQT Cognitive Score -55.42 (April 2026)

INTERNSHIP

Cognifyz - Java Intern

- During my internship, I worked on Java-based application development and problem-solving tasks, developing and testing core Java programs following industry standards. I gained hands-on experience in writing clean, efficient, and reusable code, which strengthened my understanding of object-oriented programming and improved my analytical skills.

CERTIFICATIONS

- Apex | Sys - Java Full Stack (Completed 6-Month Course)
- Novi Tech - UI/UX
- The American College - AWS Cloud Computing
